**Support for youth
projects in Nepali.**

April 7 2010, Jean-Noël Marty left us practicing his passion for mountaineering which he loved to share with others.

A few months earlier, he had made an expedition to Nepal and he came back with the idea of emotionally and financially supporting a young Ngawang in his desire to become a doctor.

To make this project a reality, his family and friends created an association.

"Support for youth projects in Nepali"

Jean-Noël Marty association

Purpose of the association

The purpose is to enable young Nepalese students to achieve their professional goals by supporting them both emotionally and physically. It is also to encourage exchanges and meetings between young people, to develop a better understanding of each other and to create links between people of different cultures and different continents.

- The association is supported in its work by **Montagne et Partage** www.montagne-et-partage.com
